24 hours connected -  
bridging for peace

# 24 hours connected - bridging 4 peace

From Maundy Thursday, 28.03.2024, 20h CET to Good Friday, 29.03.2024, 20h CET, we invite you to keep watch and to live for 30 minutes for peace in two places in Europe. One young person will set this sign of togetherness in Ukraine and another in another European country at the same time. This will create a network of solidarity across Europe.

What do you have to do?

1. Reserve your 30 minutes within the schedule of 24 hours!
2. Enter this time slot and your first and last name in the "List of Connectedness". Link: Scan qr-code.
3. Add your e-mail-address so that you both can exchange a peace photo at the beginning of your time for peace. Send this photo to Meinolf Wacker's e-mail as well: [meinolfwacker@gmx.de](mailto:meinolfwacker@gmx.de) - We will put the photos later on the homepage [www.go4peace.eu](http://www.go4peace.eu). If you like, you can also exchange your mobile phone numbers and use them to contact each other.
4. Find a peace motif (candle, flower, outstretched hand, divided bread, dove...) and take a photo of it with your mobile-phone.
5. Be present at your chosen half hour.
6. In the first minute of your time of peace, send the photo via e-mail to your partner in the other country and also to the e-mail-address of Meinolf. You will find the e-mail-address of your partner in the google list. If you have exchanged your phone numbers, you can also send the photo via WhatsApp.
7. During the 30 minutes you can simply be silent, or look at a picture, or pray for peace, or quietly speak the names of the people who are close to your heart and bring them before God. Or, if you like, contact each other via WhatsApp or Zoom etc. and get to know each other a little bit during this time.
8. If you like, you can say the prayer for peace by Francis of Assisi, which you can find on the homepage [www.go4peace.eu](http://www.go4peace.eu), at the end of your praying-time.
9. At the end of your time for peace send a word of thanks (e.g. Thanks for the shared time for peace) to your partner. If you have previously exchanged your WhatsApp numbers, you can also do this via your mobile phone.
10. Thank you for being part of "Bridging for Peace".
